

PUREX WATER POLISHER

PRODUCT:

Cationic Polymer

USAGE IN:

Inground & Aboveground Pools/Spas & Hot Tubs

PURPOSE:

For the removal of suspended particles and the creation of crystal clear pool & spa water

WHEN TO USE:

Murky cloudy water

DIRECTIONS FOR USE:

Dilute in a bucket of water. Backwash filter, or hose cartridge. Broadcast over surface of pool or spa.

COMMENTS:

This product is used to clear cloudy water. IT IS ADVISED to clean filter & shock. Before adding clarifier run filter for 24 hours or until clear depending on filter size & efficiency - no swimming until clear.

Refer to label for dosages

PUREX CLARIFYING CUBES

PRODUCT:

Cationic Polymer Gel

USAGE IN:

Inground and aboveground pools

PURPOSE:

To maintain water clarity

WHEN TO USE:

At all times

DIRECTIONS FOR USE:

Place in pool skimmer basket

COMMENTS:

Does swell whilst in skimmer basket but is non toxic and will cause no harm when emptying out leaves.

To avoid handling gel, place product first in a skimmer sock

AVAILABLE SIZES:

70g (single), 140g (twin pack)
